King of the Hammer

Are you reminiscing the last carnival or festival experience? If so, the name **King of the Hammer** should bring you goose bumps and cold sweats running down your back. Test your power and declare your vigor as you smash the power-gauge with your full strength. Challenge the highest scores, overcome them and set new limits as you take part in the legendary experience of becoming the King of the Hammer.

King of the Hammer comes in two models, Midway (SD) and Deluxe (DX) model, both that come standard ticket redemption mode.

Traditional midway (SD) has an accurate power gauge with 30 LED sets with 70 LED light bulbs in each set. The Deluxe (DX) version has an extended power gauge with 60 LED sets with 70 LED light bulbs in each set.

The concentrated ultra bright LED lights and an impressive exterior décor are impossible to miss in any location. Also crisp sound effects and upbeat music accommodate every game play with enhanced excitement and satisfaction. Family entertainment centers to local party booths or even outdoor carnival/festivals, King of the Hammer is a force to be reckoned with to every individual who picks up the oversized but lightweight Hammer
